

Friend of FARR

Buks Coerecius and the team at Empowa Grinaker / Infraset Ltd

Empowa Grinaker / Infraset Ltd are the main sponsors of FARR De Aar's food kitchen where up to 90 children and 30 women eat one meal a day. In addition, they also do most of the maintenance at the FARR / Joan Wertheim Centre.

Whenever we have a crisis at the FARR / Joan Wertheim Centre e.g. a broken window, broken door handle, burst pipe, stolen drain cover, broken swing, stolen copper pipes, a car gate that got stuck, Buks Coerecius is only a phone call away. He is always friendly and patient and willing to walk the extra mile.

FARR salutes Buks and his team of workers at Empowa Grinaker / Infraset Ltd who help to create a safe, pleasant environment for the FARR staff to work, and clients to access our service.

Empowa Grinaker-LTA was formed in 2003 when Empowa Investments acquired a 50% stake in Grinaker LTA's concrete rail sleeper factory in De Aar, Northern Cape. Empowa Grinaker-LTA has a close working relationship with INFRASET an undisputed world-leader in innovative concrete rail technology and development.

For more information on Empowa Grinaker / Infraset Ltd, please refer to their websites www.empowa.com and www.infraset.co.za.

Buks Coerecius and his colleague, Koos Bitterbos, when they walked 9km to show their support for the fight against FASD, at the FAStrap© 2011.
