

DE AAR PROJECT: International FASD day 9 September 2019

Members of the De Aar community and colleagues from the Departments of Education, Health, Social Development, SA Police Service etc., joined FARR on 9 September to raise awareness about the prevention of FASD by walking 9km through the community. The 9km awareness walk started and ended at the FARR / Joan Wertheim Centre and reached the communities including Malaykamp, Nonzwakazi, Sunrise, Kareeville and Montana. After the walk clients of the Healthy Mother Healthy Baby© Programme celebrated healthy pregnancies with a group dance.
