## Join FARR's social media drive!

SINCE the year 1999 we have spent the 9th of September raising awareness about Fetal Alcohol Spectrum Disorder.

This year is no different and as always, we want to break the silence! We want to remind people of the dangers of alcohol exposure during pregnancy and show our support for those already affected. We wish we could have a big event and invite everyone over for tea and scones, but like last year it is just not possible. However, if meetings can move online, why can't the 9th of September? This year we are planning a social media drive to commemorate International FASD day and we hope you will join us! We want to focus on positive messages and as such our slogan is FASD Uthando Nethemba. FASD Love and Hope. Support the drive by posting a picture or a message of support on social media on the 9th of September by either tagging FARR on Instagram, mentioning us in your Facebook posts or tagging us in a Facebook story. Please use the hashtag #FASDUthandoNethemba and #FASDLove-Hope on Facebook, Instagram, Twitter and any other platform you can. If you are up for it you can take a selfie while wearing the FASD knot, or you can write a message of support on your wall. The more creative you are the better. Remember that our message is one of love and support, not blame and stigma. Love the child and support the caregiver.

If everyone shares this message, we can get love and support for caregivers and children trending!

## NC HEALTH OFFICIALS NABBED FOR IRREGULAR PPE CONTRACTS

THE Northern Cape Health Department has put its Chief Financial Officer and Acting Head of Department on precautionary suspension following their arrest on charges relating to the alleged irregular awarding of personal protective equipment (PPEs) contracts.

Acting HOD, Dr Dion Theys and CFO Daniel Gaborone were arrested last week and subsequently appeared in the Kimberley Magistrate's Court, where they were granted bail of R20 000 each. Provincial Health Department spokesperson, Lebogang Majaha, said Health MEC Maruping Lekwene met with the department's top brass following the arrests and highlighted the need to strengthen governance in the department. "The MEC... met with the executive management team in the department, where he re-emphasised the need to urgently strengthen governance processes and internal controls.

The MEC and Head of Department will be meeting next week with a joint sitting of the Northern Cape Legislature Standing Committee on Public Accounts (SCOPA) and the Portfolio Committee on Health and Social Development. The purpose of the meeting is to brief the committee on these developments and explain the processes being implemented to ensure stability in the department in terms of its operations and its financial viability," Majaha said.

Theys and Gaborone are expected to appear next in the court on 27 September.
